

## PRESS RELEASE

### **SYCODE Releases Twelve Data Exchange Add-Ins for Kubotek's KeyCreator**

MARLBOROUGH, Mass. and PANAJI, Goa (27<sup>th</sup> October 2009) – SYCODE has released twelve data exchange add-ins for KeyCreator, Kubotek's flagship 3D Direct Modeling product. The add-ins will allow for direct communication between KeyCreator and data files such as Rhinoceros 3DM, 3D Studio 3DS, SketchUp SKP and Visualization Toolkit VTK.

*"SYCODE recently became a Kubotek Solution Partner with the intention of enhancing KeyCreator's data exchange capabilities,"* explains Deelip Menezes, Founder and CEO of SYCODE. *"We value this partnership with Kubotek which will help us work more closely with Kubotek's technical team in order to develop solutions that extend KeyCreator's capabilities, not just in the data exchange, but also our other areas of expertise like reverse engineering and rapid prototyping."*

*"We welcome SYCODE as a Kubotek Solution Partner,"* says Scott Sweeney, Vice President at Kubotek. *"The add-ins they are supplying further enhances our ability to work with multiple file formats and design packages, making for better communication and workflow within our customers' processes."*

The twelve data exchange add-ins that are being released include eight import and four export add-ins. The import add-ins are:

- [3DM Import for KeyCreator](#) – Rhinoceros 3DM file import add-in
- [3DS Import for KeyCreator](#) – 3D Studio 3DS file import add-in
- [NC Import for KeyCreator](#) – Numeric Control NC program file import add-in
- [OBJ Import for KeyCreator](#) – Wavefront OBJ file import add-in
- [PIX Import for KeyCreator](#) – Dr. PICZA PIX file import add-in
- [PLT Import for KeyCreator](#) – HPGL Plot file import add-in
- [SKP Import for KeyCreator](#) – SketchUp SKP file import add-in
- [VTK Import for KeyCreator](#) – Visualization Toolkit VTK file import add-in

The export add-ins are:

- [3DM Export for KeyCreator](#) – Rhinoceros 3DM file export add-in
- [3DS Export for KeyCreator](#) – 3D Studio 3DS file export add-in
- [SKP Export for KeyCreator](#) – SketchUp SKP file export add-in

- [VTK Export for KeyCreator](#) – Visualization Toolkit VTK file export add-in

The import and export add-ins are designed to work with KeyCreator Version 8.5, and have also been tested with the upcoming KeyCreator Version 9. The products are priced at \$195 each and are available as fully functional trials. Each product comes with an installer and detailed documentation in the form of a compiled HTML help file which contains a step-by-step tutorial to get the end user started in the shortest possible time. See the [SYCODE website](#) for details about downloading and purchasing the KeyCreator add-ins.

### **About Kubotek**

The Kubotek Corporation Creation Engineering Division is the leading pioneer in geometry-based engineering software. Kubotek's flagship KeyCreator 3D Direct Modeling product introduced the first-ever capabilities for real-time feature inference in 2005 and direct dimension-driven editing in 2007. KeyCreator is used by design and manufacturing professionals to innovate new solutions, improve quality, and reduce time-to-market in a broad range of applications from jet aircraft to medical prosthetics to consumer packaging. Other Kubotek software products include Validation Tool™ for precise CAD model comparison and Spectrum multi-CAD viewer.

### **About SYCODE**

SYCODE develops cutting-edge software solutions for Computer Aided Design (CAD). These solutions are in the form of standalone applications or plug-ins that work inside major CAD systems such as AutoCAD, Autodesk Inventor, Autodesk 3D Studio MAX, Autodesk VIZ, Autodesk Maya, SolidWorks, Solid Edge, SpaceClaim, Rhinoceros, KeyCreator, Alibre Design, Bricscad, IntelliCAD, IRONCAD, INOVATE, Acrobat, SketchUp, etc.

SYCODE also designs, develops and implements customized software solutions for companies worldwide. The customized solution may be a standalone application working closely with the client's existing CAD application or a plug-in to the CAD application.
